Membrane Technologies in MENA & MEDA Countries: Answering Water Issues

Bibliotheca Alexandrina

13 April 2010

Challenges

Sustainable Water In MEDA-MENA Countries

Chair Prof. Gilbert M. Rios – CEO EMH &
Vce-Chair UNESCO SIMEV

Speakers

Dr. François GUINOT
Honorary pdt of French Academy of Technologies
(France)

Prof. Gilbert RIOS
IEM Montpellier

Prof. Jorg VIENKEN
Vice-Pdt of BioSciences-Fresenius (Germany)

9.00 - 10.30

Success Stories

Membranes For Water

Chair: Prof. Alaa El-Din ABDIN – NWRC Dir. /
Strategic Res. Unit (Egypt)

Speakers

Prof. Damia BARCELO
Dir. – Catalan Institute on Water Research (Spain)

Dr. Chrystelle LANGLAIS
Senior Engineer
SUEZ Environment (France)

Dr. Michel FARCY
Pall Industry Vice-Pdt (France)

11.00 - 12.30

Perspectives

Membrane Technologies For MEDA-MENA Context

Chair Prof. André AYRAL – Prof IEM Montpellier
& Vce-Chair UNESCO SIMEV

Speakers

Dr. Suzana NUNES
Principal Research Scientist - KAUST Membranes Res. Center
(Saudi Arabia)

Dr Jean-Christophe SCHROTTER
VEOLIA Environnement - Membrane R&D Director (France)

Prof. Sami SAYADI
Dir. of Bio-processes laboratory
Univ. Sfax (Tunisia)

13.30 - 15.00
